

Taiwan Hong Kong Ho Chi Minh Express (THX)

Since 2002, the container industry of Vietnam has recorded robust growth in volume, of which Ho Chi Minh City accounts for almost 70 per cent of the total container throughput. In view of Vietnam's potential of becoming a global trading partner and a leading Asian logistics and shipping hub, OOCL has established an office and service network in Ho Chi Minh since 2004 to explore more opportunities in this burgeoning market and meet customers' service requirements.

In addition to offering direct links between Ho Chi Minh, Taiwan and Hong Kong, the Taiwan Hong Kong Ho Chi Minh Express (THX) service has facilitated transshipment via the hub ports of Hong Kong and Kaohsiung to Northeast Asia and North America since its launch in 2006.
